Mr John.D.Ecaterinaris,

Polygyros.

Dear John,

In reply to your letter of the 16th inst, I hope to be at Yerakini shortly to take over the Mines on behalf of our Company. The reason that we have not taken over the property sooner, is on account of Messrs Carasso et Cie having to settle up some old business, before we would enter into possession.

I understand that the business above mentioned is now almost completed, in which case it should not be long before you see me.

Yours very truly

P. D. Hees
